# COMPANY PROFILE

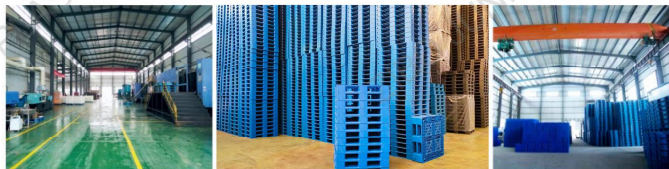

## 公司简介

Zibo Junhui Plastic Co., Ltd. is a professional manufacturer specializing in the research, development, production, and sales of plastic pallets. Located in Zibo City, Shandong Province, China—an area well known for its strong industrial foundation—the company benefits from a mature plastic manufacturing supply chain and convenient logistics network, enabling it to provide high-quality and reliable plastic pallet products to customers worldwide.

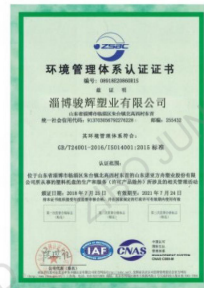

Equipped with advanced production equipment and a strict quality management system, the company uses high-quality raw materials and standardized manufacturing processes to ensure that every product features excellent load-bearing capacity, durability, impact resistance, and corrosion resistance. Our products are widely used in industries such as food, pharmaceuticals, chemicals, electronics, warehousing, logistics, and manufacturing, meeting the diverse needs of modern storage and transportation.

Zibo Junhui Plastic Co., Ltd. mainly produces various types of plastic pallets, including grid pallets, flat pallets, nine-leg pallets, three-runner pallets, and double-deck pallets in different specifications. These products are designed for durability and efficiency and can be used with forklifts, pallet trucks, and automated warehouse systems to improve logistics efficiency and warehouse management.

Adhering to the business philosophy of “Quality First, Integrity, Customer Focus, and Win-Win Cooperation,” Zibo Junhui Plastic Co., Ltd. is committed to continuously improving product quality and service standards. The company aims to provide reliable logistics solutions and establish long-term partnerships with customers both in China and around the world.
